

Pg. 267-1995

Senator Dole:

I am genuinely pleased and honored to lend my voice to the chorus of support across the country as our senior senator launches his bid for the White House.

As Senator Dole begins his quest for the presidency, my best wishes and heartfelt support go with him.

No one is more uniquely qualified to lead our nation than Bob Dole. His service to his community, his state, and his nation is unmatched.

The time is right for Bob Dole.

Best Regards  
Bill Graves

Senator Dole:

I would like to take this time to congratulate and thank Senator Dole for his outstanding career in public service. Everything Senator Dole has worked for was done in the best interest of not only the district he represents, but also what he felt was in the best interest of the United States. With these facts in mind, we want to wish Senator Dole the best of luck in his bid for the Republican nomination for president of the United States. There is no doubt in my mind that he will receive that nomination, and, of course, go on to win the election. Good luck Senator Dole. The people of Russell are behind you.

Respectfully,  
Neal Farmer

Senator Dole:

I would like to take this opportunity to recognize one of Russell, Kansas', outstanding citizens, the Honorable Robert J. "Bob" Dole, United States Senator from Kansas. Senator Dole has not only brought great personal recognition to himself, but by his activities he has brought recognition to the City of Russell. Senator Dole was an active participant in the location of the gluten plant in the City of Russell, which has and will contribute to the economic stability of the City of Russell and surrounding area.

Congratulations Senator Dole in seeking the nomination and election to the office of president of the United States of America.

Sincerely,  
Judy Sargent

Senator Dole:

I join our many Kansas friends today in offering Senator Bob Dole our support and best wishes in his bid for the office of the president of the United States. Bob has worked for years as an exemplary public servant. Kansas has always been first on his list, as he worked for the betterment of these United States and the world community.

Like another who made it to the White House, Dwight D. Eisenhower, Bob has the ability to guide our country through spending and social problems, while keeping the U.S. role as an international leader of compassion and determination.

We salute him. We will work for him. We are proud.

With Best Wishes,  
Pat Roberts

Senator Dole:

I join my constituents in Russell in congratulating Senator Dole on his run for the Republican nomination for president. The strength of our country rests in our people, our families, and our communities.

It is a glowing tribute to the City of Russell that during this presidential campaign, two men who claim Russell as their home are running for president.

Strong, small town values, supportive families and friends, strong community organizations and churches, a safe environment, and a good school system all are aspects of two men who are now seeking the presidency.

I salute the City of Russell for being the type of community which can produce "presidential timber."

I consider it an honor and a distinct pleasure to represent you in the Kansas Senate.

With Best Wishes,  
Janis K. Lee

Senator Dole:

Bob Dole is a great American whose time has come to lead this nation. He was reared during a time of great need in this country and served our country as a combat hero in World War II. Since then, he has continued to give himself to the future of this nation.

During a recent meeting with the senator, an individual asked him, "Why are you running for president?" The senator said, "For 20 years we've been performing rear guard actions here in Washington just to keep the government from growing faster. Now the calvary is in town, and we can downsize the government and place the federal government back in its proper, limited role in society. The second reason I am running is to restore America's stature as the world leader. I believe I can do that."

Sincerely,  
Sam Brownback

Senator Dole:

Serving in the Kansas House of Representatives has given me the opportunity to see first-hand the difficulty in serving all the people. The democratic process requires tenacity, perseverance, and a willingness to compromise. Never underestimate the power of a single individual to positively change the course of a democracy, a nation, and a people. Our own Bob Dole will do just that.

Go get 'em, Bob! We believe in you —

Sincerely,  
Carol Dawson

Senator Dole:

Best wishes for your campaign for the office of president of the United States. It will indeed be an honor for Russell County to have one of its citizens occupy the White House.

Sincerely,  
Larry D. Hickman

Senator Dole:

The City of Paradise would like to offer our congratulations and best wishes to Bob Dole on his bid to be the next president of the United States. Russell County and the State of Kansas are very fortunate to have a native son in this position. We should all be aware of the long hours and hard work it takes to get to this point in American politics. Whether you support Bob's views or not, it will certainly be of benefit to all in the country to say the president of the United States is from Russell County.

Sincerely,  
Dan Hoisington

Senator Dole:

As mayor of the City of Lucas, which is in northeast Russell County, I am happy to acknowledge your quest for the office of president of the United States.

We in rural Kansas appreciate your continued support. Your interest in the welfare of all Russell-area communities is noteworthy.

Best wishes to you and your wife for an enthusiastic, honest and fulfilling campaign.

Sincerely,  
George H. Wolbert
