

Congressman Bob Dole stated today the gathering of an estimated 50,000 to 100,000 protestors in Washington against the war in Viet Nam and the announced objective of some leaders of the group to force a "confrontation and to disrupt the Pentagon" is a shameful betrayal of our brave men in Viet Nam.

"The right to dissent is basic to the American way of life, but framers of our Constitution placed emphasis on 'peaceable'", Dole said. "It is clearly the objective of some of the leaders of this so-called march to cause chaos.

// If it is their purpose to create dissension and to divide patriotic Americans they, obviously, have no respect for our ~~Sensitivie~~ Constitution, or the freedoms it guarantees and, therefore, should be treated accordingly. Peaceable assembly is proper, but any disregard for constituted law and order ~~must-not-go-unchallenged-~~ or attempt to "disrupt the Pentagon" must not go unchallenged. If the draft card burners, assorted peaceniks, and any others violate any law, they should be arrested, tried, and sent to jail. If we fail in this, our way of ~~life,~~ life will suffer a severe setback. *"Dole SAID"*
