KANSAS CITY, KANS. -- U.S. Senator Bob Dole announced today the appointment of Mrs. Margaret Murray of Shawnee Mission to the National Advisory Council on Services and Facilities for the Developmentally Disabled.

The 20 Council members represent the interests of the developmentally disabled, mentally retarded, cerebral palsied and elipeptic.

Senator Dole said, "Mrs. Murray has a long and dedicated career of service to the cerebral palsied in Kansas and her experience and knowledge make her an excellent selection for this important council."

Her volunteer activities expanded to the National level when she became a member of the National Board of UCPA in 1954.
