FOR IMMEDIATE RELEASE

WASHINGTON, D.C., NOVEMBER 18, 1971 -- U.S. Senator Bob Dole today said that the General Services Administration will submit a prospectus to the Committees on Public Works of the Congress recommending the construction of a new Federal District Office Building in Topeka. Senator Dole is a member of the Senate Public Works Committee.

The building would contain approximately 80,000 square feet and be used to consolidate agencies now located in scattered leased space and to provide expansion space for agencies in the Post Office and Courthouse in Topeka.
