DOLE ANNOUNCES INTERIM FUEL ARRANGEMENT FOR PAOLA AND OSAWATOMIE SCHOOLS

WASHINGTON, D.C.--Senator Bob Dole said today that the Gas Service Company will supply natural gas to the schools in Paola and Osawatome, Kansas on a temporary basis until conversion to alternate heating fuel is completed.

On Saturday, Dole had discussed with officials of Gas Service Company and its supplier, Panhandle Eastern Gas Company, the continuing needs for a supply of natural gas for the schools of Paola and Osawatome. Service to these schools had been interrupted last week

In response to Dole's request, an additional supply of natural gas is now being made available on a temporary basis by Panhandle Eastern to the Gas Service Company.

This will permit Paola and Osawatome schools to receive a supply of fuel until local heating equipment can be converted to run on propane.
