## REIMBURSEMENT GRANTS FOR KANSAS EPA PROJECTS

WASHINGTON, D.C.--Senators Bob Dole and James Pearson today announced, through their Washington offices, a \_\_\_\_\_ reimbursement grant to \_\_\_\_\_ from the Environmental Protection Agency. The grant is awarded under an EPA program that provides federal funds to those sewer projects constructed between 1966 and 1972 which received only 30% federal funding at the time of construction.

Nearly 125 Kansas projects will be eligible for approximately \$5.5 million in reimbursements over the coming months. The reimbursements are being awarded under authority established in the 1972 Water Pollution Control Amendments.

Emmett, Pottawatomie county	\$3,700
