GSA TO BEGIN SURVEY

WASHINGTON, D.C.--Senators Bob Dole and James Pearson and Congressman Larry Winn today announced that the General Services Administration will begin a survey of existing federal facilities in the Kansas City Metropolitan area. Federal, State and local officials will all be invited to participate and offer comment at a general meeting on October 11.

"It would make no sense to begin a much needed undertaking like this," Senator Dole said, "without input from State and local representatives, and I'm happy to note that nearly 150 invitations are going out to these people."
