PROCUREMENT CLINIC TO BE HELD IN WICHITA JUNE 19

WASHINGTON -- A federal "procurement clinic" is scheduled to be held in Wichita on Friday, June 19, Senator Bob Dole's office has announced.

"The purpose of this clinic is to counsel businessmen and women on doing business with the federal government, how to obtain government contracts, bid on surplus property, export to foreign markets, do business with prime contractors, and so forth," said Senator Dole.

The hearing will be conducted by representatives of various federal agencies, including the General Services Administration, the Small Business Administration, the U.S. Postal Service, U.S. Army Research and Development Command, U.S. Army Corps of Engineers, U.S. Air Force Military Airlift Command (Scott AFB), and McConnell AFB, together with prime contractors, McDonald Douglas Electric Company and Emerson Electric Company of St. Louis, present to assist in the counseling.

The clinic will take place from 9:00 a.m. to 4:00 p.m. in the Wichita Chamber of Commerce office at 350 West Douglas in Wichita.
