DOLE GREETES NICKERSON BICENTENNIAL GROUP IN CAPITAL

*** CAPTION ***

Washington, D.C. -- Kansas Senator Bob Dole wishes good luck to Nickerson High School students and their teacher, Dick Kaufman (4th from left), in the National Bicentennial Competition on the Constitution and the Bill of Rights during their visit to the U.S. Capitol and the Senate chamber on Tuesday, April 26. The 15 junior and senior students won the state competition in Kansas before going to Washington, D.C. for the finals. Between rounds, the group kept a busy schedule touring museums and historical sites in the nation's capital.

Dr. Helen Hooper (center, left) of Salina, Kansas state coordinator, was responsible for administration of the program, which included teacher training, distribution of special materials, and organization of the state contest.
