Dear Ms. Burke:

It was a pleasure meeting you during your tour on March 29 of the Premier Family Medical Center, MGM Grand's on-site medical center. During our brief discussion you mentioned an interest in receiving a copy of the 15-minute MGM "Grand Health" video. I have enclosed a copy of the video for your records.

If you have questions or need further information, please don't hesitate to call me at 702/362-7700.

Best Regards,

MGM GRAND AND SUNRISE HOSPITAL DEVELOP INNOVATIVE APPROACH TO HEALTH CARE

LAS VEGAS, NV (Dec. 7, 1993) -- While the Clinton Administration struggles with the complex issues of health care reform, the MGM Grand has developed a solution for its 7,500 cast members.

MGM Grand Hotel, Inc. and Sunrise Hospital and Medical Center have entered into a partnership that resulted in the construction of the new Premier Family Medical Center on-site at the MGM Grand Hotel, Casino and Theme Park.

The Premier Family Medical Center, a 10,000 square foot medical facility, will be open to all MGM Grand cast members and their families seven days a week, 18 hours a day. The Center, staffed by board-certified physicians, will usher in an exciting new era of a partnership between major employers and health care providers. Dr. Lane H. Friedman of Friedman Diagnostic Clinic will serve as medical director of the Premier Family Medical Center. The Center is scheduled to open Dec. 16.

"The management team responsible for making Sunrise Hospital and Medical center one of the most respected health care facilities in the Southwest United States was the logical choice to manage the medical center," said Patrick Cruzen, senior vice president of finance and administration of MGM Grand Hotel, Inc.

MGM Grand/Sunrise Hospital and Medical Center

The largest hospital in Nevada with 689 beds, Sunrise Hospital and Medical Center has served Southern Nevada for more than 30 years. The hospital is credited with bringing many of the most qualified health care professionals and the newest medical technology to the community.

"If we want to be a leader in the Las Vegas community, it is our responsibility to solve the problems plaguing our industry," said Cruzen. "This state-of-the-art facility will allow us to be on the cutting edge of health care and provide our cast members with an affordable, convenient, high quality health benefits plan."

The Premier Family Medical Center contains urgent care, workmen's compensation care and facilities for a clinical laboratory and full-service X-ray. "The center will place special emphasis on preventive care, offering life-style educational counseling," states Cynthia Kiser, vice president of human resources of MGM Grand.

When MGM Grand cast members and their family members visit the Premier Family Medical Center, they will pay only \$5 per visit. No annual deductibles will be charged and no claims will have to be filed by MGM Grand cast members and their families.

"Although the medical center is certainly a centerpiece of our health benefits program, the real heart of the plan is in the choice it offers our cast members," said Cruzen. "In designing our health benefits plan, we listened carefully to the concerns of our cast members who told us they wanted quality, affordability, convenience and choice."

"We are confident our cast members will take advantage of the medical center because it is cost-effective and easily accessible," said Kiser. "We also know that some cast members will want the freedom to choose their own doctors, so our health plan allows cast members that choice each time they need medical care."

- more -

HEALTH CARE SOLUTIONS DON'T ALWAYS REQUIRE AN ACT OF CONGRESS.

MGM GRAND'S GROUNDBREAKING PREMIER FAMILY MEDICAL CENTER.

As President Clinton and Congress wrestle with the question of health care reform, MGM Grand has come up with a solution.

The American people have said they want high quality, low cost health care, less paperwork and the ability to choose their own doctor. Well, MGM Grand has listened to the people.

Sunrise Hospital is building the Premier Family Medical Center, a state-of-the-art medical facility right on MGM Grand property.

This innovative medical center will provide MGM Grand Cast Members and their families with health care they deserve, featuring low cost, efficiency, quality and choice.

Low cost refers to the \$5 per visit fee at our center. Efficiency means no deductible and no forms to fill out. Quality is the type of facility provided by the professionals who operate Sunrise Hospital.

And best of all, choice means a three-level medical plan – you can visit our medical center, you can receive care through our preferred provider network of 700 physicians in Clark County, or go to any doctor you want under our freedom of choice plan.

All in all, our health care program and the new Premier Family Medical Center are exactly what the doctor ordered.

WORLD'S LARGEST HOTEL, CASINO & THEME PARK

MGM GRAND

For information on applying for a position at MGM Grand, call our Employment Hotline at 891-2121.

OPEN WIDE AND SAY OZ.

INTRODUCING A HEALTH PLAN WITH A DIFFERENCE.

At the new MGM Grand, we know one thing for sure – if you want happy, healthy employees, you have to treat them well.

That's why we're creating the MGM Grand medical center on the site of our hotel, casino and theme park. Our 9,500-square-foot center will be staffed with family practitioners, pediatricians and more. It will be open 18 hours a day, seven days a week, for MGM employees and their families.

And best of all, when you use the MGM Grand medical center, you pay only \$5 a visit.

That's it. No annual deductible and no claims to file.

Of course, our health plan also affords employees the option to choose their own doctor, and includes excellent dental and vision benefits.

MGM Grand will offer the best overall health plan in town. It's just one of the things that makes our corner of Oz so special.

Our Casting Center is now open in the former Breuners building at the corner of Spring Mountain and Arville. We're open from 8 a.m. to 9 p.m. daily, except Friday.

- 14 examination rooms, including a triage unit capable of handling life-threatening situations
- A centralized core nursing station with four smaller work stations surrounding it, and an additional nursing station adjacent to the laboratory

This Is Sunrise

For more than 30 years, Nevadans have been turning to Sunrise Hospital and Medical Center and Sunrise Children's Hospital for superior, state-of-the-art health care.

The 689-bed campus is the largest comprehensive medical facility in Nevada and is one of the largest proprietary hospitals in the world.

A Leader In Health Care

Since 1979, Sunrise has treated more than 750,000 patients and has been a leader in developing both innovative and alternative health care programs, such as a separate Women's Pavilion,

Center for Healthy Families, Day Surgery Center, the Diabetes Center of Excellence and a Level III Emergency Trauma Center.

A Leader In Pediatric Medicine

The 145-bed Sunrise Children's Hospital is the premier pediatric health care facility in the Southwest. It's home to the highly acclaimed Level III Southwest Regional Neonatal Unit and offers a complete array of pediatric equipment,

staff and specialists. Services include pediatric intensive care, a dedicated pediatric open heart surgery unit, maternal transport program for high-risk pregnancies, a child life specialist, pediatric resource library, and a pediatric emergency center.

A Leader In Medical Technology

Sunrise Hospital's extensive facilities include a full range of adult/medical services. A CARF-accredited Rehabilitation Unit, four specialty telemetry units, 72-bed adult Critical Care Unit, and a Level III Emergency Room/Trauma Center. The hospital features some of

the most sophisticated technology available in modern medicine, including three catheterization labs, MRI, a Linear Accelerator and the only Hazardous Waste Sterilizer in the state. More than 300 open heart surgeries are performed annually, and the hospital also performs live renal transplants.

A Leader In Community Health Programs

Sunrise Hospital has always taken a leading role in reaching out to the community with an extensive array of innovative and beneficial community programs.

The highly successful "Baby Your Baby" project assists mothers-to-be by providing education, proper nutrition and pre-natal medical care through a community-wide coalition. The telephone number for Baby Your Baby is 735-BABY.

The Sunrise Seniors Program affords seniors a wide selection of free services, educational seminars and social activities.

The innovative Sunrise Health Information Line is another example of Sunrise Hospital's commitment to the community. This program offers the most extensive access of health information by telephone available in the country. 24-hour medical information is available free of charge to anyone with a touch-tone phone by simply calling 731-8888.

Sunrise has also taken a leadership role in providing information related to accidental poisonings. The hospital operates the only Poison Information Hot Line in Nevada, and is directly networked with the National Poison Control Center in Denver, Colorado. The 24-hour emergency number for this vital service is 732-4989.

A Nationally Recognized Leader In Health Care

Sunrise Hospital and Medical Center is proud to be accredited by the Joint Commission on Accreditation of Healthcare Operators (JCAHO), the premier healthcare accrediting

body in the country. This accreditation further illustrates that Sunrise Hospital and Medical Center and Sunrise Children's Hospital are setting the standard for medical excellence in Southern Nevada.

THE MGM GRAND LION ROARS IN THE DESERT

THE MGM GRAND HOTEL, CASINO & THEME PARK OPENS: USHERS IN A NEW ERA AS LAS VEGAS' PREMIER ENTERTAINMENT RESORT

LAS VEGAS, December 18, 1993 -- Culminating four years of planning, development and construction, the MGM Grand Hotel, Casino & Theme Park opened early this morning following a Friday night gala opening party attended by about 6,000 VIP's, celebrities and media. The most ambitious construction project in the history of Las Vegas, the 5,005-room MGM Grand is the world's largest hotel and casino, and features the city's first theme park, MGM Grand Adventures, and a 15,200-seat events arena, the MGM Grand Garden.

Since the ground-breaking of the \$1 billion project in October, 1991, 1,500 workers have put in approximately 12,000 man-hours per day building the project. Construction costs averaged over \$1 million per day.

Now heralded as Las Vegas' most progressive and innovative destination, the mega-entertainment resort will offer attractions unavailable anywhere else in the city. Demonstrating the company's commitment to top-level entertainment, the MGM Grand Garden will play host to top sporting and special events, including Barbra

Bart Conner, Nadia Commenici, and The Righteous Brothers -- Bill Medley and Bobby Hatfield. And while media from around the world recorded the event, Woolf received a plaque from Guinness World Book of Records General Manager Oli Manlet, confirming the resort's status as the largest hotel and also the largest casino in the world.

A tremendous eight-minute fireworks display followed the initial festivities, which were described by pyrotechnics experts as the most intense barrage ever attempted. After the sky show, guests were treated to a reception and dinner, featuring all of the eateries represented in the hotel's "restaurant row."

Commenting on what visitors and guests can expect in the future at the MGM Grand, Senior Vice President - Marketing & Entertainment Richard Sturm said, "Our goal is to dominate every category of entertainment in this city. We'll have some great surprises and announcements down the road, so stay tuned. This is definitely going to be the place."

HOTEL:

The four emerald green hotel towers will have 5,005 guest rooms, including typical rooms of 446 square feet and 751 luxurious suites ranging in size from 675 to 6,000 square feet. The typical rooms are decorated in "Wizard of Oz", "Hollywood", "Southern" and "Casa Blanca" motifs; the suites in "Traditional", "Marrakech", "Oriental", "Bahamian" and "Las Vegas" motifs.

CASINO:

The casino will encompass 171,500 square feet on one level, including a gaming area with an estimated 3,500 gaming machines, 165 gaming tables, Baccarat, state-of-the-art race & sports book, poker, keno and lounges with bars.

The casino is so large that it will be divided into four themed casinos, each with unique decor -- Emerald City, Hollywood, Monte Carlo and Sports. Focal point of the structure is a pedestrian entry through an 88-foot MGM lion which will greet visitors entering Emerald City.

EMERALD CITY:

Under the seven-story Emerald City dome will be a fantasy recreation including 75-foot emerald crystal spires, the Yellow Brick Road and "Wizard of Oz" characters, plus "The Wizard's Secret" special effects/magic show.

RESTAURANTS:

Fine dining and a wide selection of restaurants will be featured at the MGM Grand, including:

- Coyote Cafe
- Wolfgang Puck's Cafe
- Oz Buffet
- Studio Cafe
- Leonardo's
- Sir Reginald's Steakhouse
- Ocean Grille
- Dragon Court
- One Liners Food Court (Burger King, Hamada's Orient Express, McDonald's, Nathan's)

MGM GRAND ADVENTURES FACT SHEET

The first full-fledged theme park in Las Vegas, MGM Grand Adventures is 33 acres of non-stop thrills and excitement featuring adventure rides, dazzling shows, themed streets, thrilling entertainment, superb restaurants and retail shops.

Park guests will meet the MGM Grand Adventures featured ambassador, King Looney and his friends and family. Perennial cartoon favorites-Popeye, Olive Oyl, Brutus, Wimpy and Betty Boop will also be at the park greeting visitors throughout the day. The Wizard of Oz characters will stop at the park on their way to the Emerald City and Tumbleweed, Chief, Ace, Hildegard and Limpid Lizzard will be there as well.

ATTRACTIONS

Lightning Bolt

Experience the breathless excitement of an indoor roller coaster speeding its way through an outer space adventure. Lightning Bolt features realistic three dimensional video projections including a wondrous meteor shower, gas nebulas, the "Black Hole," and the eerie "Altered Space." End your voyage on a spectacular ride through "Las Vegas at Night."

Deep Earth Exploration

All aboard Gopher 1, the futuristic motion base simulator on a fantastic voyage deep into the earth's core. Join the nuclear test site expedition and prepare yourself for all the thrills and excitement you can handle. Deep Earth Exploration features high-tech audio visual effects combined with state-of-the-art animation. But, beware of the hidden dangers that surround you--instantaneous rock slides and cavern gorges, the crystallized frozen lake where only the most menacing creatures can survive, and the searing heat of a molten lava bed. Hold on for dear life as Gopher 1 heads straight for an erupting volcano!

Backlot River Tour

Beware the surprises that await you on Backlot River Tour, your adventure aboard a river boat bound for excitement. Travel the backlot of a simulated movie set where you'll enter "Bayou Country." What surprises lurk amidst the thick mossy greens? Drifting further along, enter the Civil War era witnessing an ironclad warship and its attack on a Confederate fortress. Experience the ultimate as you enter "Temple of Gloom" where

dazzling special effects will amaze you. Don't look away yet, there's a storm up ahead!

Haunted Mine

Legend has it that this abandoned mine was cursed by an old Indian chief after it collapsed. What spirits remained -- trapped inside to haunt the mine forever? Clattering through the tunnel, a sudden camera flash resurrects the skeletal ghost of a menacing Medicine Man. Revenge will be his! Hold on tight as the ore car shudders past barricades and booby traps. The venomous spirit stakes his claim on the mine with a vengeful explosion that turns the mine to rubble. Will you escape in time?

Over the Edge

Grab a seat on this journey through a nostalgic old saw mill with its quaint scenery and rustic charm. Don't look now, but what's that up ahead? Try to catch your breath after the first steep drop off, the next one is twice as high!

Grand Canyon Rapids

Race along swirling white water rapids in a nine seat inner tube without tracks! Brave rafters will be whisked away on the wild currents of Wilderness Rapids. Churn through the dangerous foaming waters of Flash Flood Gulch. Take cover, there's a gun fight up ahead. Shoot 'em up and shoot on down between towering Canyon Cliffs and the Lost Caverns. Say howdy to Dynamite Sam then hold tight as you explode out of the Blasting Tunnel.

Parisian Taxis

Bonjour and buckle up. You never know who you're going to run into on Parisian Taxis! Designed to collide, jolt and jostle, these bumper cars rival any Paris traffic jam. Hold on to your berets!

SHOWS

Dueling Pirates

Breakaway masts, exploding towers, "hungry sharks" and spectacular stunts highlight the action as Jake, the first mate, and his good 'ole band of bad-guy pirates mutiny! This pirate themed live-action

adventure promises to entertain and amaze. The action takes place aboard a pirate ship docked in our 950-seat outdoor Pirate's Cove Theatre.

Defying all odds, the Captain leads the battle to free the princess from the pirate's clutches. Meshak, the cabin boy, fights desperately to help the mighty Captain, but he just can't seem to stay out of trouble. His comedic short falls, high falls and pratfalls will keep you laughing as you cheer the brave captain onward. With swashbuckling swordplay, hand-to-hand combat, and death-defying stunts, the fighting builds to an explosive finale! The Princess will be saved and there is no obstacle that will stand in the Captain's way!

King Looney Theatre - "The Cartoon Show"

Witness the basics of animation in this 650-seat theatre as the first half of this informative and entertaining show presents a multi-media segment on the creation of cartoon animation. The process is completed with the presentation of an original fully-animated cartoon. Next, you'll enjoy a musical revue combining film and live characters. This 25-minute show features a "surprise" finale!

You're in the Movies!

Participants are drawn from the audience, costumed and given their scripts. Magically, their performances are electronically combined with pre-filmed scenes. Voila! You're in the movies!

Magic Screen Theatre

This 750-seat indoor Theatre plays host to two fabulous shows. The first, "Kaleidoscope," is a rousing musical revue that combines black lights, special effects, film and live performance to create a 25-minute extravaganza of high-tech fun. The second show, "The Three Stooges," is a combination of live-action look-alikes and vintage video clips that create a nostalgic look at the most famous trio of comedians in American history.

ENTERTAINMENT - ADDITIONAL

Grandmosphere

The MGM Grand Adventures dancers will entertain you on one of our themed streets at most any time. See the excitement of West Side Story on New York Street, be dazzled by the can-can on French Street or sing along to Achy-Breaky Heart in Tumbleweed Gulch.

Rio Grande Cantina

Relax outdoors in a beautiful and festive garden as you listen to the sounds of live entertainment. Available for groups of 100-1000.

"Les Boats"

Located on King Looney Lagoon, enjoy a leisurely repose as you steer these coin-operated miniature remote boats.

Shooting Gallery

Have fun and take aim as you practice your shooting skills. Located in Tumbleweed Gulch, these Tumbleweed characters make for crafty moving targets!

Quick Draw

Meet Mr. Six Guns, the coin-operated life-like quick-draw' in hombre lying in wait at Tumbleweed Gulch to challenge you to a shoot out!

RETAIL SHOPS

Studio Souvenirs

Located in Casablanca Plaza, Studio Souvenirs offers a wide and interesting variety of movie studio keepsakes.

King Looney's Hollywood Memorabilia

Stroll through aisles and aisles of authentic Hollywood merchandise of yesteryear. An attraction in itself, part of the store is dedicated to museum pieces for display only. The other part of the store features unique and exciting merchandise that you can use to

start your own Hollywood museum! You'll find this store under the tent in the center of Casablanca Plaza as you enter the park.

Photoplay Gallery

Would you like to be Time Magazine's cover Man or Woman of the Year? Then drop into Photoplay Gallery, located right next door to the Kodak Photo Products Center in Casablanca Plaza.

Kodak Photo Products Center

Only the finest Kodak products are good enough for our guests. From film and cameras to 2-hour turnaround film processing, all your photo needs can be met here. The store is located on the left as you enter the park.

Casablanca General

The "general store" carries themed MGM Grand products from t-shirts to jewelry. It is the second largest retail store in the park with men's and women's accessories, watches, plush toys, and souvenirs. At the entrance to the store, there is a pretty photo spot with colorful silk flowers for guests' use in personal photos. The store is located on the north side of Casablanca Plaza.

Harry's China Shop

The interior design of this shop appears to be a fashionable New York China shop. But, just as studio facades are built to disguise, you will soon discover this operation a "sting." A must-see, you'll find the finest international gift brands from Waterford crystal and Royal Daulton to Hummel and Llardo. Located on the right as you enter New York street.

Backstage Collectibles

After you learn how animation is created in King Looey's Theatre, stroll into the animation art collection of the adjacent Backstage Collectibles. This shop is full of your favorite Hollywood characters from Betty Boop to Popeye.

Backlot Heirlooms

Located on French Street overlooking King Looey Lagoon, this beautiful shop features limited edition prints, plates, dolls and figurines. Don't be surprised to find world renown collectible artists here.

Hollywood Clothiers

Located directly across from the Haunted Mine in the Salem Waterfront, this shop features the best in Hollywood-themed clothing and accessories.

Bayou Toys

Bayou Toys is located next to the train station on New Orleans Street. In it, you'll find better specialty toys for children of all ages, from Madame Alexander collectible dolls to incredible masks, mysterious holograms and lively lighted products.

Old West Supply Company

Reminiscent of the American Old West, this western-themed shop is definitely one-of-a-kind. You will find better western products suited for the most discriminating adults. Look for Charlie 1 Horse Western hats and Justin Boots here. Located in Tumbleweed Gulch, you might just find Tumbleweed himself there too!

Arts and Crafts

Nothing less than an entertaining adventure, we call Arts and Crafts "retail theatre." Here you'll find entrepreneurial artisans demonstrating their chosen crafts throughout the day. Look for glass, leather, wood, pottery and wax works of art being created daily. Arts and Crafts is located on Olde England Street.

FOOD ESTABLISHMENTS

Benninger's Gourmet Coffees

Relax and enjoy a freshly-brewed cup of gourmet coffee and choose from a large variety of freshly-baked pastries as the perfect accompaniment. Benninger's Gourmet Coffee's is located in Casablanca Plaza.

Trolley Treats

Everyone will enjoy being served a tasty selection of snacks, beverages and sweets from this authentic-looking cable car stationed in the center of New York Street.

Hamada's Orient Express

Located on Asian Street, enjoy classic oriental food served in an authentic and picturesque oriental setting.

Mamma Ilardo's Pizzeria

The famous pizza that Mamma Ilardo's used to make is now available for the first time on the west coast. Italian specialties and these incredible-tasting varieties of pizzas are prepared fresh daily. Mamma Ilardo's is located on French Street.

Burger King

For those on the run, Burger King offers a large variety of America's favorite fast-food items. Burger King is located on Olde England Street.

The Cotton Blossom

If you're traveling down New Orleans Square, you can't miss "The Cotton Blossom." This cajun restaurant features authentic New Orleans style food served in the ambiance of the French Quarter.

Kenny Rogers Roasters

Located on Salem Waterfront, Kenny Rogers Roasters will feature spit-roasted chicken prepared over an open wood fire. You may also choose from a variety of delicious side dishes and tempting desserts.

Nathan's Famous

While on New Orleans street, be sure to stop at Nathan's Famous, home of the famed Nathan's frankfurters. Nathan's also serves charbroiled chicken, fillet of fish, turkey, shrimp and fresh salads every day. For the early riser, try breakfast at Nathan's.

Hildegard's Ice Cream Parlor

Straight out of the Tumbleweed comic strip, Hildegard has opened her own ice cream parlor in New Orleans Square. Choose from a wide selection including candy specialties.

GUEST SERVICES

Lost and Found

Lost and Found is located in Casablanca Plaza. Cast members are available to take special care of all your questions concerning lost and found items. All items are recorded and processed to ensure prompt return to their owners.

Locker Rental

Lockers are available to store personal belongings. These coin-operated lockers are located in Casablanca Plaza next to Lost and Found.

Stroller and Wheelchair Rental

Located in Casablanca Plaza, strollers and wheelchairs are available for daily rental at a nominal fee. A large selection of baby products are also available.

Rangers

The MGM Grand Adventures Rangers Department is responsible for the safety of all guests and cast members while in the park. They are available to answer questions, provide directions and handle all disturbances. The Rangers are located in Casablanca Plaza behind the Lost and Found Center.

First Aid

The first aid center is located on Asian Street near the entrance to Backlot River Tour. Medical attention is available during park business hours.

SPECIAL AMENITY

Central Park Wedding Chapel

Experience the unique thrill of a "MGM Grand Adventures" wedding. There are two wedding chapels under one roof located on New York Street across from Central Park. The bride and groom "to be" may select from a wide variety of packages to create a memorable wedding day that will be cherished forever.

INFORMATION

Park Operating Schedule

Open daily from December 18, 1993 - December 11, 1994.

Reservations

For reservations/tickets and additional information, please call
1-800-929-1111.

Admission Prices

\$25.00 - General Admission (13 years and over).

\$20.00 - Children ages 4 - 12 years.

\$23.75 - Military and Seniors.

Children under four are free.

JUST THE MGM GRAND FACTS -- BUILDING THE GRANDEST, LARGEST HOTEL IN THE WORLD

LAS VEGAS -- "The sky is the limit" is the phrase that best describes the sense of purpose behind the development of the MGM Grand Hotel, Casino & Theme Park, scheduled to open Dec. 18, 1993. When finished, the project will have the distinction of being the largest hotel and casino in the world, complementing Nevada's only theme park -- MGM Grand Adventures -- and the 15,200-seat MGM Grand Garden special events arena.

The MGM Grand represents a remarkable combination of technical ingenuity, modern eco-sensitive engineering, and a true sense of fantasy with lavish attention to detail. What follows are construction highlights that illustrate the scope of this landmark development:

Monty Hall's Nightmare -- 18,000 doors!

"Door number one, door number two, or door number three ... " Hardly. This mammoth hotel has enough doors to fit more than 1,600

three bedroom homes!

"Anyone Need A Lift?" -- 93 elevators

The hotel will certainly be a place for the upwardly mobile, with 93 elevators moving guests. The 30-story central elevator core is similar in size to a major downtown skyscraper.

Losing Their Marbles -- Not!

The hotel will be dressed to the nines in 100,000 square feet of marble.

Crowning Achievement

Featuring over 80 miles of crown molding, the hotel has enough to add detailing to over 2,000 1,500-square-foot homes.

Rock On!

17 million square feet of sheet rock has gone into building the hotel, enough for nearly 11,500 homes!

What A Cool Place!

So that guests can beat the heat, 18,000 tons of air conditioning will be used, enough to cool a small town of almost 5,500 homes.

How 'Bout A Vacation!

Talk about busy ... 1,500 workers putting in 12,000 hours per day are what's building this great hotel, which totals 240,000 man hours per month.

Money Makes The World Go Around

The total cost of building the MGM Grand is \$1 billion, or over

\$1 million per day during construction.

Football-Sized Facilities

The casino in the MGM Grand, divided into four themed areas, is the size of four football fields. The swimming pool area at the hotel will be about equal to the size of three football fields.

Wired From Coast to Coast

12 million feet of wire have gone into "turning on" the hotel, which equals 2,300 miles, almost enough to reach from Las Vegas to New York!

Home Sweet Home

Three ultimate two-story penthouse suites will be a feature of the MGM Grand -- each 6,000 square feet (the equivalent of more than three standard-sized homes) with 27 telephones and a private elevator!

MGM GRAND -- A HISTORY OF TOTAL ENTERTAINMENT

LAS VEGAS -- Like the city of Las Vegas, MGM Grand has consistently symbolized the best in entertainment, having created some of the desert city's most memorable properties over the past 25 years.

With the opening of the new \$1 billion MGM Grand Hotel, Casino & Theme Park slated for Dec. 18, 1993, the grandeur and excitement associated with the MGM Grand name will be brought to life in Las Vegas at the company's most spectacular property to date.

MGM Grand, Inc. majority shareholder Kirk Kerkorian opened his first Las Vegas property, the International Hotel, in 1969. At the time, it was heralded as the largest hotel in the world with 1,517 rooms. Sold to Hilton Hotels Corp. in 1971, the hotel still operates as the Las Vegas Hilton.

The first MGM Grand Hotel opened in 1973 on the corner of Las Vegas Boulevard South, "The Strip", and Flamingo Road, and was

MGM GRAND HISTORY -- Page 2

again noted as the largest hotel in the world.

In 1978, MGM Grand opened its second property and first hotel outside of Las Vegas, the MGM Grand Reno. Both the Las Vegas and Reno properties were later sold to Bally Manufacturing Corp. in 1986.

In 1988, the company purchased the Desert Inn and Sands hotels from Summa Corp. The 821-room Desert Inn came with its famous golf course, the site of many professional tournaments. A year later, the Sands was sold to the Interface Group of Boston.

In 1989, MGM Grand bought the Marina Hotel-Casino at the south end of the Las Vegas "Strip" and soon after, in 1990, acquired the 100-acre Tropicana Country Club adjacent to the Marina.

In 1991, MGM Grand, Inc., whose largest stockholder is Kirk Kerkorian, sold the Desert Inn to Tracinda Corp., the private holding company of Kerkorian.

On Oct. 7, 1991, MGM Grand, Inc. began construction on the former Marina and Tropicana Country Club sites, a total of 112 acres. The \$1 billion construction project is the largest in the history of Nevada.

In early 1994, the MGM Grand Hotel, Casino & Theme Park will debut as the premier destination and attraction in Las Vegas. The property consists of the world's largest hotel, with 5,005 guest rooms including 751 suites, the world's largest casino at 171,500

Northern Nevada Community College

**BARRICK GOLDSTRIKE
INTEROFFICE MEMORANDUM**

TO: Chuck Geary *DCS*
FROM: David C. Sheffield *DCS*
DATE: February 1, 1994
SUBJECT: Manpower Training Cooperative (MTC) Update

Barrick Goldstrike's involvement in the Manpower Training Cooperative (MTC) began in September 1989 when Barrick sent six full-time employees through a Skills Improvement Program at Northern Nevada Community College. From this initial program, the Mechanical Technology Training Program sponsored by MTC member companies was born.

The Mechanical Technology Training Program is a special career opportunity for high school graduates interested in the fields of Diesel Technology, Maintenance Electrician Technology or Mill Mechanics. The Manpower Training Cooperative is a group of companies that sponsors the Mechanical Technology Training Program and currently includes Barrick Goldstrike Mines, Newmont Gold Company, Round Mountain Gold and Cashman Equipment Company. Past sponsors have included Dee Gold Mining Company, Marigold, Pinson, Pioneer Equipment Company and Miner's Pick (Nevada Mining Association vendors).

Each MTC member sponsors one or more students in the training program. A \$3,000 student scholarship is paid to successful applicants during the 40-week program, disbursed \$1,000 per semester. The scholarship pays for tuition, fees and some books. In addition, MTC sponsored students are given paid on-the-job work experience during the summer and the semester break at Christmas.

August 30, 1993 saw the start of the fourth group of MTC scholarship students at Northern Nevada Community College. There are 35 students participating in this 1993 - 1994 group and Barrick Goldstrike is proudly sponsoring 16 of these students. These students have come from all over the northeastern Nevada service area to be a part of this joint business-college initiative.

The first two groups (Fall 1990 and 1991) were on a two year schedule that alternated between worksite experience and course work at the college. With the start of the third group (Fall 1992), the program switched to a 40-week schedule of training during which all of the required courses in the three specialized areas of Diesel, Electrical and Mill Maintenance are completed. The fourth group (Fall 1993) continues on the 40-week schedule. Once students complete the 40 weeks, they are then eligible for job placement.

Northern Nevada Community College is in the process of refining the 40-week program to include the General Education core requirements into the program. This will enable the students to receive their Associate of Applied Science degree on completion of the program.

MTC SCHOLARSHIP SUMMARY

		TOTAL SCHOLARSHIPS	BGMI SCHOLARSHIPS	
Group I	(Fall '90)	30	7	(23%)
Group II	(Fall '91)	20	7	(35%)
Group III	(Fall '92)	33	10	(30%)
Group IV	(Fall '93)	35	16	(46%)
<i>TOTALS</i>		<i>118</i>	<i>40</i>	<i>(34%)</i>

- Of the 83 total scholarships awarded for Groups I - III, 71 students graduated; an 86% graduation rate.
- 63 of the 71 graduates have found employment in their field; an 89% employment rate for MTC students.
- Of the 24 BGMI scholarships awarded for Groups I - III, 20 students graduated; an 83% graduation rate.
- 18 of the 20 BGMI graduates have found employment in their field (10 via BGMI); a 90% employment rate.
- Of the 10 MTC graduates hired by BGMI, all 10 remain employed with BGMI; a 0.0% turnover rate.
- Including the original Skills Improvement Program, Barrick Goldstrike employs 14 Mechanical Technology Training Program graduates.

**MTC, INC. UPDATE
SPRING 1994**

August 30, 1993 saw the start of the fourth group of MTC scholarship students at NNCC. There were 33 students in this year's group. Students come to us from all of the NNCC service area in northeastern Nevada. You will remember that the first two groups were on a 2-year schedule that alternated between worksite experience and coursework at NNCC.

With the start of the third group, the program switched to a 40-week schedule of training during which all of the required courses in the three specialized areas of diesel, electrical and mill maintenance are completed.

When students finish the 40 weeks, they are then eligible for job placement. The fourth group (1993/94) continues on the 40-week schedule. NNCC is in the process of refining the 40-week program and we hope to get the General Education requirements into the program. This will enable the students to get the Associate of Applied Science degree in the 40 weeks.

Summary

Group I	30 students started	18 finished
Group II	20 students started	14 finished
Group III	33 students started	39 finished
<hr/>		
83 total scholarships		

The increase in Group III came about when four of the original scholarship students quit and the four scholarships were then divided up among students who were attending the different programs on their own.

Group IV	33 students started	Still In Progress
----------	---------------------	----------------------

The following is a breakdown of the students who have completed the MTC, Inc. program and their places of employment:

<u>Sponsor</u>	<u># Employed</u>	<u>Other Employers</u>	<u># Employed</u>

NORTHERN NEVADA COMMUNITY COLLEGE

901 Elm Street
Elko, Nevada 89801

(702) 738-8493 • FAX 738-8771
1-800-343-2724

Northern Nevada Community College has been involved in meeting the training needs of the mining industry in northeastern Nevada for the past decade. This exemplary training partnership has grown tremendously during the past six years.

The inability of Newmont Gold Company to find and keep trained diesel and mill mechanics at the level needed forced them into training their unskilled laborers to keep up with work force demands. Planning between Newmont and NNCC administration and their staffs led to the development of complete programs in diesel mechanics, mill mechanics, and electrical maintenance. Newmont supplied the initial money for the onset of courses; this money was used to hire instructors and purchase equipment. The programs were successful and University and Community College System of Nevada (UCCSN) gave its approval to add them to the system programs. Barrick Goldstrike Mines, Inc. also joined in this training strategy. The programs continue to thrive.

■ To date, Newmont has sent 130 employees through the programs.

The success of the training then led to the formation of the Manpower Training Cooperative, Inc. (MTC, Inc.), which is a non-profit training corporation consisting of the area mines and vendors, that provides scholarships to the young people of northeastern Nevada.

■ To date, 118 students received scholarships during the first 4 years of the MTC, Inc. program. The fifth group of 37 is now being recruited; these students will start the program after high school graduation the Spring of 1994.

The success of the programs has led NNCC to form a partnership with Caterpillar Corporation/Cashman Equipment Company. NNCC became one of only 24 institutions in the nation to be affiliated with this type of partnership.

(Please refer to the enclosed booklet of NNCC's partnership with Caterpillar Corporation/Cashman Equipment Company.)

NNCC is extremely proud of its industry partnerships with:

- local mining industry
- MTC, Inc.
- Caterpillar Corporation/Cashman Equipment

Anyone interested in speaking to industry personnel about the programs may contact the following individuals:

David Sheffield - Barrick Goldstrike Mines, Inc.
Donna Garcia - Newmont Gold Company
Rich Uhl [Chairman of the MTC, Inc. program] - Round Mtn. Gold

Mechanical Technology Training Program At Northern Nevada Community College

What is MTTP?

The Mechanical Technology Training Program (MTTP) is a special career opportunity for high school graduates interested in mechanical technology.

MTTP is an intensive one-year, three-semester program which combines classroom and laboratory instruction at Northern Nevada Community College. Paid on-the-job work experience is possible with Nevada mining companies, their suppliers, and equipment vendors during the summer and semester break.

Careers in mechanical technology include diesel technicians, mill mechanics, welding technicians, and industrial maintenance electricians. Completion of MTTP will qualify graduates for employment in a field with a future, a job with good pay and excellent benefits, and job skills useful for the rest of their lives.

Manpower Training Cooperative, Inc. (MTC), is a group of companies that sponsors MTTP and currently includes Newmont Gold, Barrick-Goldstrike, and Round Mountain Gold. Northern Nevada Community College in Elko is a member of the University and Community College System of Nevada and a fully-accredited institution.

Why Consider MTTP?

A \$3,000 scholarship is paid to successful applicants during the NNCC 45-week program. This scholarship pays for tuition, fees and some books.

During the work periods, participants are paid the regular wage of an entry level laborer.

Upon successful completion of the program, students will be prepared for employment in their field of training and have received an Associate of Applied Science in their major field of study.

In short, MTTP provides up-to-date training at NNCC, that prepares students for employment in the mining industry and by other industry-related employers.

Who Fits Into MTTP?

A solid high school record is essential for successful applicants, including good attendance and creditable grades. Evidence of mechanical aptitude, good character, strong work ethic, and a genuine interest in mechanical technology as a career are strong considerations in selecting students for MTTP. Because this is a college program, successful applicants need to have good mathematical, reading, and writing skills.

How Do I Apply?

Eligible high school seniors and others interested in the program may obtain an application form from their High School Guidance Counselor or by contacting:

Stan Popeck, Director, Occupational Education
Northern Nevada Community College
901 Elm Street
Elko, NV 89801 (702) 753-2303

The completed application form must be accompanied by a copy of the student's most recent high school transcript, attendance record, and health records. These forms must be received at NNCC no later than March 31, 1994.

Applicants should be prepared to attend an interview and to complete aptitude testing to be conducted at NNCC. A complete physical examination will be required of all successful applicants, including a screen for drugs and alcohol. Federal law requires that workers employed at a mine-site must be 18 years old. Applicants must provide proof that they will be 18 years old no later than June 1 of the year of their graduation. Final acceptance into the program is contingent upon graduation with their regular class.

How Does the Program Work?

During early June, successful applicants may meet at Northern Nevada Community College for safety training and orientation. During the summer, some participants may be employed as laborers at two or three of the participating sponsors. Participants will be expected to conform to the work rules of the various job-sites and will be paid at the existing basic laborer rates.

From September of 1994 through June of 1995, trainees will study at Northern Nevada Community College in Elko, taking coursework that applies to the AAS degree as well as specialized coursework in their major area.

Diesel Maintenance

Basic and Advanced Diesel Engines
Basic Vehicle Electronics
Fuel Systems
Air Conditioning
Heavy Equipment Power Train
Welding

Mill Maintenance

Bulk Materials Handling
Metallurgical Properties/Welding
Millwrighting
Pipefitting
Pumps, Gears, Couplings
Crushers and Mills

Electrical Maintenance

Electrical Theory
DC Generators, Motors, and Controls
National Electric Code
Programmable Controllers Applications
