

Walkers' Point

Dear Elizabeth and Bob -

June 28 - 1996

I should write our last great hope after watching the T.V. senate hearings today. I feel in my heart that you are going to win and know that you should! Thank you for the lovely flowers. I am really being so well taken care of and am marching around

The hospital paper to get home!

I think of you both every day:

There is no choice - you both are the
best! With love and thanks -
