Dear Bob:

Please know how much I appreciate the confidence the Senate showed in me in your unanimous confirmation of my nomination as Ambassador to the United Nations. I will do everything in my power to live up to the trust you expressed in me.

I want you to know, also, that I solicit your thoughts and observations on the execution of American policies through the United Nations forum, and that I welcome your suggestions and your personal visits to the Mission whenever you can do so. My staff and I stand ready to welcome you here in New York at any time.

Sincerely,

George Bush
