Dear Bob -

Thanks so very much for taking
the long trek to be in the
desert with the troops. I am
absolutely certain that your
being there sent proper signals
around the world - particularly
the signals that went from

the Sands of Saudi Arabia
right into Saddam's palace.

Given your own combat
experience, I expect you
were touched and moved
by what you saw. I sure
was. Thanks for your supportive
words. Securing Assad, incidentally,
was very important to our other
coalition partners. Thanks - All Best
