

THE WHITE HOUSE

WASHINGTON

March 7, 1977

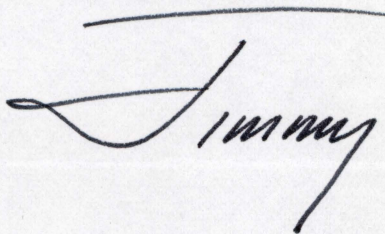

To Senator Bob Dole

I appreciate your comments about the Grove Reservoir project.

As you know, during my campaign I pledged to cut unjustified Corps of Engineers and Bureau of Reclamation projects from the budget. After careful evaluation, the deleted projects did not meet our cost-benefit criteria.

We will continue review of all Corps and Bureau projects, and additional reforms and budget changes may be recommended. In the meantime, I am forwarding your remarks to Bert Lance so that he will also know of your concern.

Sincerely,

A handwritten signature in black ink, appearing to read "Jimmy", with a horizontal line above it.

The Honorable Bob Dole
United States Senate
Washington, D. C. 20510
