MAMIE DOUD EISENHOWER

Gettysburg, Pennsylvania
June 3, 1974

Dear Senator Dole:

Since my illness at the end of last year, the doctors have severely curtailed my activities and I have had to give up many of the things I once enjoyed doing. I am not making any TV appearances or attending any large functions, as the doctors have asked me not to tax my strength and I feel I must abide by their advice.

You know that you have my best wishes for your coming campaign and I hope the good people of the State of Kansas will re-elect you to the Senate.

Cordially,
Mamie Eisenhower

Honorable Bob Dole
United States Senate
