

PRIME MINISTER

RECD SEP 23 1971

New Delhi
September 15, 1971

Dear Senator Dole,

I have your letter of the 7th September. It is always a pleasure to visit universities and meet young people. Unfortunately, my forthcoming visit to the United States is far too brief and rushed to permit a journey to Kansas.

I might add that I have not yet received any invitation from the President of the University.

Yours sincerely,

Indira Gandhi
(Indira Gandhi)
