Dear Senator Bob Dole,

I have watched with interest and appreciation your political career and the principled stand you have always taken on international issues.

United States has a unique position in international politics. The power and influence United States has today will certainly influence the course of history in the coming decades. A large part of it would depend on the quality of leadership in the United States. I was pleased to know that you are going to contest in the coming presidential elections. I wish you success in your endeavours.

Yours sincerely,
