Dear Bob:

The enclosed text reached Washington too late for the regular session. You wrote me you would introduce it when the Congress convened. In case you haven't and the first one was mislaid, I am enclosing it again and would appreciate your placing it in the Record.

Please have someone in your office find out if the Mexican Boundary Commission and the Canadian Boundary Commission are still in existence. Apparently they are. What in the world do they have to do?

With highest personal regards
and every good wish -
