Dear Bob,

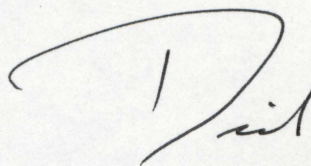

Your eulogy to Pat was one of the finest I have ever heard. I have delivered a few over the years, and I know how hard they are to prepare.

I can never tell you how much I appreciate your coming to the service and for arranging for such a representative delegation from the Senate and House to join you in the tribute to Pat.

She would have been immensely proud that you were there. That makes me doubly proud.

Warmest regards.

Sincerely,
