Dear Bob:

Thanks for your recent letter in which you recommended that William Crotinger be appointed to the Commodity Futures Trading Commission, and I apologize for taking so long to respond.

His work with Great Plains Wheat and the Chicago Board of Trade would obviously be valuable on the Commission, and I appreciate your writing me about him. I have sent a copy of your letter, along with a note from me, to William N. Walker, Director of the Presidential Personnel Office. I'm sure Bill will be as helpful as he possibly can.

Best wishes,

Sincerely,

Donald Rumsfeld
Assistant to the President
