

Monday
July 7, 1945

Dear Bob,
Here I am
again, just like I
told you, a bad penny
always turns up. —
I'm supposed to be work-
ing, but you know
me, whenever there is
an opportunity to get out
of work, I'm always
ready, so you're going to
be the victor.

Draw by now
you are feeling late
better, and might even
be home for awhile.
Sure wish I were
there so I could tell
you all about the
Navy! — the Army never

has realized what a
great organization this
Waves Navy is - course
they couldn't get along
without the WSOES, but
that's beside the point.
- wish you could meet
a couple of my girlfriends
Bob, they're really cute -
especially one from Arkansas.
she's really a card. - Has
a southern drawl, and
a sense of humor, that
equals to none I've ever
seen. - She keeps every
one in stitches all the
time. - between the two
of us we have quite
a time. This Frisco
is quite a town, you
must make a point
of coming out this way
sometime. - I could

really show you the
town.

Nobody has ever
told me whether Norma
Jean has come home
— or if she's finished her
schooling — I wish people
would let me in on
the know of things — I hear
more things happen around
that town that I never
hear about.

Gotta go for now
Bob, — will write more
later — it'll get so you'll
wish I'd never been
taught to write — my
love to your folks —

As Always
Anna
