Dear Lolla's:

37531283

I remember I promised to write every day but I find that impossible, so I will write whenever possible. I am still here in the same place, and still no news. As yet I haven't received any mail, it has been exactly 60 days today that I haven't had one, but they should be here soon at least I hope so. I am feeling fine and I am getting along ok. Hope you all are the same, please say hello to everyone for me, & tell them I will write when I find time. Dad I told me one of those neat pocket machines and about 300 slugs, in fact I would really make some money! write as do to
