Dear folks

You probably think by this time I have forgotten you but I have been rather busy the past few days, I received another package yesterday post-marked on July 13-47, one roll of film, soap, swimming trunks, powder, soap, candy, what surprised me was it arrived in such good condition, for the time it took in getting here, I have already used the film, and have it ready to send to Australia, we did have some pictures taken and you probably have them by now, Frank sent them to you hope to have some more soon.

I received a letter from Gloria and she has told me all about what Larry expects to do in the future I do hope they don't send him over here.

I finally wrote to Bob, hope  
he makes the grade O.K. please send  
my regards the next time your write  
to him, I still have the same job  
and I like it very well, am feeling  
just fine and getting along O.K. hope  
everyone at home is the same, please  
give my regards to all, and tell them  
I will try to write to them all. I  
hope you will note the change in  
my address, I finally made Corporal,  
goodnight and good luck. by the way  
I did do something on Norma's birthday
