FOR RELEASE AFTER 11 A.M., FRIDAY, MAY 30, 1969

SALINA, Kansas, May 30-- Following is a statement of U.S. Senator Bob Dole, given at a Memorial Day observance here:

"On this Memorial Day, 1969, it is fitting that we especially recognize the achievements of our American boys who have fought bravely and well in foreign wars to safeguard our country, our people and our ways of life.

"The biggest tribute we can pay them is to conduct our lives and demonstrate our concerns that those who sacrificed their lives will not have died needlessly."
