WASHINGTON, D.C. -- U.S. SENATOR BOB DOLE--A MAN ON THE MOVE--
HAS MOVED into his third office in the New Senate Office
Building since he assumed his Senate duties in January.

Dole began his term in the spacious quarters of
former Senator Frank Carlson, but quickly lost the suite
to a higher-ranking Senator under the Senate's seniority
system. The freshman Senator was then moved into
temporary headquarters for a month to await vacancy of
his permanent five-room office at 2327 New Senate Office
Building.

Dole is shown leaving his half-constructed temporary
office "happily" enroute to his new freshly-painted
quarters.

Five of Dole's 11 staff members are pictured with
him in his permanent office. They are (1) Ruth Komarek
of Ellinwood; Alison Heath of Salina; Judy Harbaugh of
Wichita (formerly of Russell); Ward White of Russell
and Ada Mahaffie of Olathe.
