FOR IMMEDIATE RELEASE

WASHINGTON, D.C. Oct. 30, 1970 -- U.S. Senator Bob Dole today commended the Forgotten Americans Committee of Kansas, Inc. for their November 7-14 city-wide drive in Wichita for letters of concern for prisoners of war and men missing in action in Southeast Asia.

The drive will also include McConnell Air Force Base and Wichita State University.

Members of the Forgotten Americans Committee will also participate that week in the Veterans Day activities with a replica of the Viet Cong bamboo cages displayed during the parade and dedication of the flag raising to the Gold Star Mothers and Fathers and the families of MIA's and POW's. A television program will be aired on KTVH November 8th at 10:30 pm regarding the plight of the men. Members of the committee will also sponsor a "Write a Letter to Hanoi" contest in senior high schools.

Dole, a long-time worker for the causes of the POW's and MIA's urged the support of these projects by all Kansans and all Americans.
