FOR IMMEDIATE RELEASE

WICHITA, KS. Oct. 31, 1970 -- U.S. Senator Bob Dole said today he is confident that Kansas GOP gubernatorial candidate Kent Frizzell will win the Tuesday election.

"The President has been in Manhattan and Kansas City and has given his support to Kent and Vice President Agnew was in Wichita Thursday for the Frizzell campaign.

"Kent would work closely with the Kansas Congressmen -- all of whom will be returned to Washington -- and with the two Kansas Senators."

Dole, who has been in every Kansas Congressional district in the past two weeks, said that it is a tough race, but there is strong grass roots support for Frizzell.

"I am convinced that Kent has widespread support and is going to win in a tight race Tuesday."
