FOR IMMEDIATE RELEASE

WASHINGTON, D.C., March 25 --- U.S.D.A. announced today that Kansas is now one of six states to achieve "equal to federal" inspection statues for its inspection program of intra-state poultry slaughtering houses.

U.S. Sen. Bob Dole (R-Kans.), a member of the Senate Committee on Agriculture and Forestry, commented:

"Approval of this Kansas system is not only an endorsement of the fine work of the state's poultry inspection laws and inspection staff, but testifies to the devotion of the Kansas poultry industry to the production of the best poultry products available."
