The Honorable Winton M. Blount
The Postmaster General
Washington, D. C. 20260

Dear Red:

It has come to my attention that the Postal Service has announced plans for construction of a major bulk mail facility in the Kansas City Metropolitan area. From the description of the facility, it appears that it is to be regional in function, benefitting postal operations in both Kansas and Missouri.

This facility could make a significant impact on the Kansas City Metropolitan community. I strongly urge you to locate that facility in Kansas, and would very much appreciate the opportunity to discuss the site with you.

Sincerely yours,

BOB DOLE
