FROM: THE OFFICE OF U.S. SENATOR BOB DOLE
NEW SENATE OFFICE BUILDING
WASHINGTON, D.C. 20510
(202) 225-8946

FOR IMMEDIATE RELEASE

WASHINGTON, D.C., OCT. 20, 1971 -- U.S. Senator Bob Dole today joined in cosponsoring a bill that would designate an east-west interstate highway from Washington D.C., to San Francisco, as a memorial to the late President Dwight D. Eisenhower.

The proposed highway would span the following existing interstate highways:

I-70 from Washington, D.C., to Denver

I-25 from Denver to Cheyenne

I-80 from Cheyenne to San Francisco.

Senator Dole said, "This is a worthy tribute to a great American and honored son of Kansas. It is only right that the Eisenhower highway pass through Kansas directly by Abilene, the home of the Eisenhower Museum." The Eisenhower highway is another reflection of the great pride all Americans, especially Kansans, harbor for General Eisenhower."
