SPECIAL TO THE KANSAS CITY JEWISH CHRONICLE

DECEMBER 7, 1971

"It is an honor for me to receive the 'Prime Minister's Medal' from the Israel Bonds Organization. I will accept it with the knowledge that there is still a great deal of work to be done before Israel will be allowed to exist as a completely free Nation. We must all continue the task that was begun to provide and to protect a land of political, economic and religious freedom for the Jewish people. We have made a good start, let us proceed together."
