WASHINGTON, D.C., FEB. 25, 1972 -- Senator Bob Dole will address the 30th Annual Meeting of the National Rural Electric Cooperative Associations this Monday in Las Vegas. Over 200 Kansas representatives of the 33 Kansas Rural Electric Cooperatives will be attending the meeting.

"The use of electricity on the farm has doubled in the last seven years," Dole said, "and it is anticipated that the need will double again during the next seven years. It is your challenge to find the ways and means of providing this vital power to the farmers of our Nation."
