SBA LOAN TO GREENLEAF FIRM

WASHINGTON, D.C.--Senators Bob Dole and James Pearson and Congressman Keith Sebelius today announced a \$10,600 Small Business Administration loan to the Mansfield Agency of Greenleaf. A loan of \$1,178 will be made to the firm by Greenleaf Development Company, Inc.

"I understand this to be the first of several SBA loan approvals for Greenleaf merchants who are engaged in rebuilding efforts following the disastrous tornado of September 25," Senator Dole said. Dole went on to say that he expected additional loan approvals to be announced in the relatively near future with total SBA support approaching a half million dollars.

90% of loan funding for the project will come from SBA and 10% will come from the local Greenleaf Development Company, Inc.
