## NOTICE OF NUTRITION HEARINGS ON ELDERLY NEEDS IN KANSAS

WASHINGTON, D. C. . . Today Senator Bob Dole (R-Kansas) announced that he will be holding Nutrition Subcommittee field hearings on "Nutrition Needs of Older Americans" in two locations in Kansas next week, on August 12th. Senator Rudy Boschwitz (R-Minnesota) will also be presiding at these hearings.

"Older Americans have very special nutrition needs, and it seems that very little is really known about them," Dole said. "In addition, there have been a lot of problems encountered in delivering services to rural areas, and we need to explore these difficulties in order to make programs more effective."
