WASHINGTON - Senate Minority Leader Bob Dole met with a California family on their recent visit to the Nation's Capitol. Pictured above, from left to right, are Bill Van Rooy and his wife, Rusti, of La Canada, California; Senator Dole, and their daughter, Christy.

The Van Rooy's were in Washington to visit their daughter, who is on the staff of Senator Dole. They visited with Dole about the recent budget negotiations and their campaign efforts for Senator Pete Wilson, now Governor-elect for California.

While in Washington, the Van Rooy's, worldwide travelers, received special tours of the U.S. Capitol, the White House and several Smithsonian museums and monuments. They especially enjoyed touring the Vice President's office in the U.S. Capitol.
