OCTOBER SURPRISE REPORT

GOP VINDICATION SHOULD COME AS NO SURPRISE

WASHINGTON -- Senate Republican Leader Bob Dole (R-Kansas) today issued the following statement regarding the conclusions reached by a bipartisan House investigation of the so-called October Surprise:

"It should be no surprise that once again Ronald Reagan and George Bush have been vindicated in the so-called October Surprise. It's regrettable that it took more than one million tax dollars and more than a decade to discredit this utterly wacky conspiracy theory. Let's hope this definitive report will mark the beginning of the end of senseless investigations of Republicans."
