**DOLE PROPOSAL FOR FORBES FIELD PROJECT APPROVED BY SENATE**

WASHINGTON - Kansas Senator Bob Dole's request for \$4.6 million to upgrade the runway at Forbes Field cleared its final hurdle in the U.S. Senate today.

"The runway at Forbes Field must accommodate the largest commercial and military aircraft. The federal funding will go a long way towards accomplishing the much-needed reconstruction of the runway surface," said Dole.

The project was included in the 1995 Military Construction Appropriations Bill at Senator Dole's request. The bill now heads to the President's desk to be signed into law.
