NOTICE -- PRESS CONFERENCE -- ENERGY

Senator Bob Dole, Congressman Bill Steiger and Congressman Bill Archer will hold a press conference today at 1:00 p.m. in Room H137 of the Capitol.

The three energy conference members will release information that had been requested from Secretary of Energy James Schlesinger, who said it was not available. The information relates directly to the impact of the Administration's proposed Industrial Users Tax -- a tax that would cost thousands of businesses and millions of consumers \$30 billion.
