SENATOR BOB DOLE SENDS CHRISTMAS MESSAGE TO KANSANS

Washington, D.C.....Senator Bob Dole (R-Kan) today
issued the following Christmas message for Kansans:

"During the Christmas season Kansans stop and reflect on personal, family, community, national, and world concerns. Christmas is a time to celebrate the progress that has been made during the past year in solving the problems faced by us all. It is also a time to look forward to the opportunity each of us has to make further contributions in 1978.

Christmas is a time to give thanks for the bountiful gifts given us by our Creator. Christmas is a time to share, give, love, hope, dream, and express our faith in the future. It is a time to be glad for the peace found in the world. It is a time to commit ourselves to being peacemakers and do our part to bring families, communities, and nations closer together.

I am concerned for those in this country and around the world who this Christmas will not share in the joy and peace of the season because of various economic, social, political, and other problems. Human freedom and human dignity and basic human rights are not yet enjoyed by everyone.

I trust this Christmas season will be a time of hope for everyone."
