DOLE TO CHINESE PRESIDENT: BUY MORE WHEAT

WASHINGTON -- Buy more U.S. wheat was the message Kansas Senator Bob Dole delivered today to visiting President Li Xiannian of China. Dole, Senate Majority Leader, talked with Li during a downtown breakfast with the Chinese leader and Administration officials.

"I was pleased to visit with President Li and to make a strong pitch for his country to buy more of our wheat," Dole said. "We've got a good product and he certainly has a good market for it."

Dole also told the visiting 80-year-old president that he would follow-up on his grain sales talk when the Kansas Republican visits the Peoples Republic of China in mid-August. The Senator is leading a Congressional delegation to the Far East to discuss agriculture and trade issues.
