DOLE ANNOUNCES \$18.8 MILLION INCREASE IN BOEING CONTRACT

Washington, D.C. -- Senator Bob Dole today announced that Boeing Military Aircraft Company of Wichita has been awarded an \$18.8 million contract extension to modify the weapon delivery system of the F-4 Air Force Fighter with an ARN-101 navigation system.

"This contract extension will both enhance the capabilities of the F-4 and benefit the Wichita area economically," stated Senator Dole.

The award represents an increase to the existing Air Force contract with Boeing worth \$24.5 million. All work on the project will be done in Wichita. The work is scheduled to be completed by December, 1989.
