KANSAS 4-H'ERS VISIT WASHINGTON, D.C.

Washington, D.C. -- Senator Bob Dole (R-Ks) recently met with Kansas 4-H members who were in Washington attending the National 4-H Conference.

"4-H is a thriving organization that continues to keep our youth interested and involved in developing ways to use their knowledge and skills. Whether it be at the local, state, or national level, young people can become involved and begin to shape America's future," said Dole.
