FORBES FIELD MILITARY CONSTRUCTION PROJECT
OKAYED BY SENATE

WASHINGTON - Kansas Senator Bob Dole announced today that the U.S. Senate has approved a military construction project at Forbes Field in Topeka. The Senate included \$1.4 million to replace underground fuel storage tanks at Forbes in the Military Construction bill for the coming fiscal year.

"I am pleased that my Senate colleagues joined me in support of this significant Kansas project. It is important to continue to modernize the infrastructure of our Kansas bases, providing the best possible facilities for our nation's armed forces. This much needed upgrade will enhance Forbes' capability to move troops and supplies in and out of Ft. Riley," said Dole.

The measure now goes to a joint House\Senate conference committee before final passage by both Houses.
