TELECOMMUNICATIONS REFORM

STATEMENT OF SENATE MAJORITY LEADER BOB DOLE

"The Senate should have the opportunity to consider telecommunications reform legislation in a timely manner. If the threat of delay posed by possible unrelated amendments can be resolved, it is my present intention to bring to the floor telecommunications legislation on June 5th, when the Senate returns from the Memorial Day recess.

"It is my hope that the Senate will pass sweeping telecommunications reform that will create millions of jobs with less regulation and more competition."
