DOLE SUPPORTS PUBLIC/PRIVATE MANAGEMENT OF PRESIDIO

**WASHINGTON** - This afternoon Senate Majority Leader Bob Dole announced his support for legislation which creates a public\private partnership to administer the Presidio.

"I am happy to be able to join with my colleagues from California in sponsoring this important legislation. Through this innovative approach to managing one of our nation's finest landmarks, we hope to ensure the preservation of the Presidio while also providing significant opportunities to the local community."

The bill, S. 594, would create the "Presidio Trust" within the Department of the Interior. The Trust would then have the responsibility of maintaining most of the buildings on the Army post while also having the ability to enter into leases for Presidio property. The Trust would be administered by a 5 member board.
