Dear Bob:

This is to confirm with you our plans to proceed with the national kick-off of the Humphrey Commemorative Exhibit campaign on Thursday, March 20, 1986. It will be a cocktail and buffet event from 6 - 8 p.m., and will be held in the second floor conference room of the Hall of States building, 444 North Capitol Street, Washington, D.C.

The invitation will go out over your signature and that of Walter Mondale, to approximately 400 major donor prospects plus spouses and guests, mainly from the East Coast. It will be preceded by a Mailgram, due to time constraints. By way of follow-up, we will contact by phone and letter those who cannot attend. Jane Freeman will serve as hostess, assisted by Bill Riggs for logistical arrangements. They have arranged for office space at the Hall of States (State of Minnesota rooms) and have a telephone (202/624-5871) for use during the interim. Bill will be in touch with your office very soon to get your approval and signature on the letter.

At an appropriate point during the affair Jane will welcome guests, note the purpose of the event, and introduce the Dean of the Humphrey Institute, Harlan Cleveland. He will call attention to the Exhibit project, and then introduce you and Walter Mondale as the project's distinguished national co-chairs.

We ask that each of you make an appeal to those gathered, to give generously to the Exhibit, preferably with a pledge over a period that enables the donor to make the largest possible gift. Pledge

cards will be available. When other dignitaries such as Orville Freeman and representatives of the Humphrey family have spoken or been introduced, we hope to have two or three major donors, perhaps Curt Carlson and Dwayne Andreas, come forward to announce what they intend to do. After that, Jane will close the affair with thanks and a reminder to sign a pledge before leaving.

With Jane's efforts, the event promises to be a good one. The room will be suitably adorned with blow-ups of Humphrey, the Institute, and the proposed Exhibit, and brochures will be available. We hope to get good news media attention and to have photographers present.

We are deeply grateful to you for agreeing to help us, and we appreciate all that those in your office have done and continue to do to assist us. Please let me know whenever I can be of help to you.

Sincerely,

Albert Anderson

Dear :

We hope you and your guest will join us at a special reception on Thursday, March 20, on the second floor of the Hall of States building, 444 North Capitol Street, Washington, D.C., from 6 - 8 p.m. At the reception we will invite you to open your hearts, and your pocketbooks, for a most worthy cause, "The Humphrey Legacy: A Commemorative Exhibit."

No matter what our party affiliations or loyalties, we share a debt of gratitude to the late Hubert H. Humphrey. Hubert was ever the champion of human dignity, justice, freedom, and the right for all people to fulfill their potential. We're asking you to join us in making sure our children and children of future generations understand the contributions of this giant among human beings.

The Commemorative Exhibit will be the centerpiece of the Hubert H. Humphrey Institute of Public Affairs at the University of Minnesota. The Humphrey Institute has already gained national recognition as a place where public issues are raised and discussed, where new solutions are brought forth, and where present and future generations are educated for public life -- for what our friend Hubert would have called the public responsibility obligation we all share.

By supporting "The Humphrey Legacy: A Commemorative Exhibit," we are strengthening the common bond we have with each other and with the legacy of decency Hubert Humphrey left to us. We look forward to having a chance to meet with you personally on the 20th. Please call (202)624-5871 to let us know whether you and your guest can be with us.

Yours sincerely,

Robert J. Dole

TALKING POINTS
HUMPHREY COMMEMORATIVE EXHIBIT
NATIONAL KICK-OFF
MARCH 20, 1986

o I am pleased and honored to participate in the kick-off of this national fundraising campaign for the Humphrey Commemorative Exhibit, which will be housed in the new Humphrey Center at the University of Minnesota.

o Hubert Humphrey was a towering political figure whose life was an inspiration to millions. And an exhibit like this will be educational memorial -- one that school children and public spirited men and women can learn from and enjoy.

o We hope that you will generously contribute to this worthwhile cause. All of us who worked with and knew Hubert Humphrey know how much he would approve of this kind of exhibit.

o And now I would like to introduce Orville Freeman, who is chairman of the Humphrey Institute Advisory Committee.
