

Senator,  
You have been invited to make BRIEF remarks  
(about 1 or 2 minutes) if you would like to,  
about the importance of this issue, what it  
would mean to others, etc. HOWEVER, You do  
have a SPEECH at 9:00 a.m. in the Dirksen  
Building on Wed., May 6. Would you like  
to accept & make brief remarks, drop-by  
and no remarks or decline to attend the  
briefing?

ACCEPT & MAKE REMARKS \_\_\_\_\_

DROP-BY & NO REMARKS \_\_\_\_\_

DECLINE EVENT ENTIRELY \_\_\_\_\_

Senator can speak at 8:45 a.m. per Ginger Pape

Wednesday - May 6  
8:30 a.m. to 9:30 a.m.  
S-207 - Ave Capitol

## United States Senate

WASHINGTON, DC 20510

April 15, 1992

Dear Colleague:

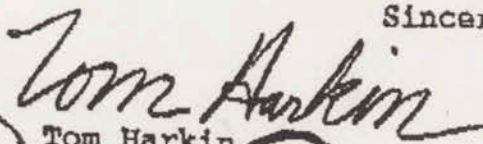

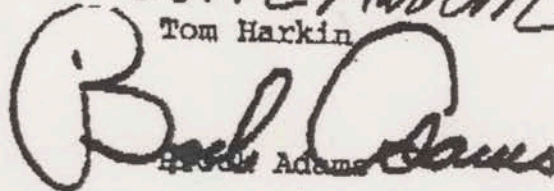

The increase in funding for cancer research at the National Cancer Institute (NCI) was one of our major accomplishments in health care last year. Important strides were made in focusing attention on the terrible toll that breast, prostate, and other reproductive system cancers are taking on American families. The increase in fiscal year 1992 funding for the NCI provided \$40 million additional funding for breast cancer research, doubled the amount of funding for prostate cancer research, and significantly enhanced support for ovarian and cervical cancers. But even more is needed. Cancer rates are growing. Now one in three Americans will be struck by cancer during their lifetime.

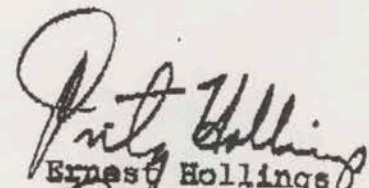

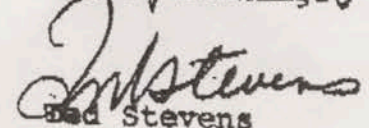

The Susan G. Komen Foundation, the American Cancer Society and US TOO/American Foundation for Urologic Disease have scheduled a legislative briefing on the morning of May 6 to discuss the pressing research needs and latest research developments relative to cancers of the breast, prostate and other reproductive systems. We would like to invite you, along with other interested Members and their staff as well as leading members of the cancer community to this breakfast briefing, which will be held in room S-207 of the Capitol from 8:30 to 9:30 a.m.

The format of this briefing is very simple -- a buffet breakfast, a brief welcome from organizational sponsor representatives, an opportunity for Congressional sponsors and other Members to comment on these issues, and a short briefing by medical and scientific experts on new research and the outlook for major breakthroughs in the diagnosis, treatment and prevention of breast, prostate and related cancers.

We hope you are able to attend this informative breakfast briefing. Please contact Ms. Sally Grant of the Komen Foundation at 466-0543 if you or a representative of your office will be able to join us.

Sincerely,

  
Tom Harkin  
  
Brock Adams

  
Ernest Hollings  
  
Ted Stevens

May 6,

May 4, 1992

**PROGRAM FOR WEDNESDAY, MAY 6 LEGISLATIVE BRIEFING  
ON BREAST, PROSTATE, AND OTHER REPRODUCTIVE CANCERS  
S 207 THE CAPITOL FROM 8:30AM-9:30AM**

Senator,

You have been invited to make BRIEF remarks (about 1 or 2 minutes) if you would like to, about the importance of this issue, what it would mean to others, etc. HOWEVER, You do have a SPEECH at 9:00 a.m. in the Dirksen Building on Wed., May 6. Would you like to accept & make brief remarks, drop-by and no remarks or decline to attend the briefing?

ACCEPT & MAKE REMARKS \_\_\_\_\_

✓

DROP-BY & NO REMARKS \_\_\_\_\_

DECLINE EVENT ENTIRELY \_\_\_\_\_

Senator can speak at 8:45 a.m. per Ginger Pape

Wednesday - May 6  
8:30 a.m. to 9:30 a.m.  
S-207 - Ave Capitol

## United States Senate

WASHINGTON, DC 20510

April 15, 1992

Dear Colleague:

The increase in funding for cancer research at the National Cancer Institute (NCI) was one of our major accomplishments in health care last year. Important strides were made in focusing attention on the terrible toll that breast, prostate, and other reproductive system cancers are taking on American families. The increase in fiscal year 1992 funding for the NCI provided \$40 million additional funding for breast cancer research, doubled the amount of funding for prostate cancer research, and significantly enhanced support for ovarian and cervical cancers. But even more is needed. Cancer rates are growing. Now one in three Americans will be struck by cancer during their lifetime.

The Susan G. Komen Foundation, the American Cancer Society and US TOO/American Foundation for Urologic Disease have scheduled a legislative briefing on the morning of May 6 to discuss the pressing research needs and latest research developments relative to cancers of the breast, prostate and other reproductive systems. We would like to invite you, along with other interested Members and their staff as well as leading members of the cancer community to this breakfast briefing, which will be held in room S-207 of the Capitol from 8:30 to 9:30 a.m.

The format of this briefing is very simple -- a buffet breakfast, a brief welcome from organizational sponsor representatives, an opportunity for Congressional sponsors and other Members to comment on these issues, and a short briefing by medical and scientific experts on new research and the outlook for major breakthroughs in the diagnosis, treatment and prevention of breast, prostate and related cancers.

We hope you are able to attend this informative breakfast briefing. Please contact Ms. Sally Grant of the Komen Foundation at 466-0543 if you or a representative of your office will be able to join us.

Sincerely,

*Tom Harkin*

**SENATOR DOLE  
REMARKS TO  
AMERICAN CANCER SOCIETY  
AND "US TOO"  
LEGISLATIVE BRIEFING  
MAY 6, 1992**

**I'VE BEEN CALLED A LOT OF  
THINGS DURING MY CAREER IN  
POLITICS. NOW I AM BEING  
CALLED THE BETTY FORD OF  
PROSTATE CANCER.**

**I DON'T MIND, THOUGH, IF IT  
WILL MAKE A DIFFERENCE AND  
GET MEN TO THEIR DOCTORS  
FOR PROSTATE SCREENINGS.**

**FIRST LADY, BETTY FORD,  
WAS A COURAGEOUS PIONEER  
IN RAISING AWARENESS OF  
BREAST CANCER. MANY OF YOU  
ARE HERE TODAY, PROBABLY AS  
A RESULT OF HER CANDOR.**

**NOW, IT'S TIME TO GET THE  
WORD OUT ON PROSTATE  
CANCER. AS AWKWARD AS IT  
MAY BE SOMETIMES, SHARING  
MY EXPERIENCE WITH OTHERS  
IS A SMALL PRICE TO PAY,  
KNOWING THAT IT MAY SAVE  
LIVES.**

**AND, I THINK IT'S  
HAPPENING -- OR AT LEAST, I**

**HOPE IT IS. THROUGHOUT MY  
RECOVERY, I'VE TALKED TO  
HUNDREDS OF MEN FROM ALL  
WALKS OF LIFE, TELLING ME, "I  
NEVER KNEW THIS WAS A  
CONCERN." OR, "WHY DON'T  
PEOPLE TALK ABOUT THIS?"  
AND, I'VE RECEIVED COUNTLESS  
LETTERS EXPRESSING THE SAME  
FEELINGS.**

**I'VE LEARNED A GREAT  
DEAL IN THE SEVERAL MONTHS  
SINCE MY DIAGNOSIS. BUT,  
WITHOUT A DOUBT, THE MOST  
IMPORTANT FACT I LEARNED IS  
THE VALUE OF EARLY  
DETECTION. WITH RECENT  
ADVANCES AND TREATMENT  
TECHNIQUES, EARLY DETECTION  
-- AND EARLY TREATMENT -- ARE**

**BECOMING MORE AND MORE  
COMMON.**

**WE'RE MAKING PROGRESS.  
BUT, WE STILL HAVE A LONG  
WAY TO GO. I RECENTLY CO-  
SPONSORED LEGISLATION WITH  
SENATORS STEVENS, HELMS,  
AND CRANSTON WHICH  
AUTHORIZED INCREASED  
APPROPRIATIONS FOR**

**PROSTATE CANCER RESEARCH.  
WE ARE CURRENTLY SPENDING  
ONLY \$28 MILLION DOLLARS TO  
RESEARCH THIS DISEASE -- A  
FRACTION OF WHAT WE SPEND  
TO RESEARCH MANY OTHER  
DISEASES. YET, PROSTATE  
CANCER CLAIMS THE LIVES OF  
ABOUT 34,000 MEN EACH YEAR.  
CLEARLY, WE NEED TO DO**

**MORE -- NOT ONLY IN THE AREA  
OF EARLY DETECTION, BUT  
ALSO, FOR PREVENTION AND  
TREATMENT.**

**I AM NOT A DOCTOR, NOR  
DO I DISPENSE MEDICAL  
ADVICE. BUT, MY MESSAGE TO  
MY FRIENDS IS SIMPLE --  
PLEASE GET ROUTINE CHECK-  
UPS. AND DON'T NEGLECT TO**

**HAVE YOUR DOCTOR CHECK  
FOR PROSTATE DISEASE.**

**IT CAN TAKE THE FEAR OUT  
OF THE WORDS, "YOU HAVE  
CANCER."**

**BUT, MORE IMPORTANTLY, IT  
CAN SAVE YOUR LIFE.**
