Dear Mr. Leader:

Honorarium: Yes - - ⁸⁻¹⁸⁻⁹³ they are checking on amount they can give

On September 21 - 22, 1993 the Young Presidents' Organization's Health Care Focus Group will be meeting in Washington, D.C. to discuss health care reform. The event will be kicked off with a dinner on Tuesday, September 21st followed by meetings the next day. It would be our sincere honor to have you address this group Tuesday evening for dinner, as our key note speaker.

The Health Care Focus Group consists of seventy CEO's of companies in the health care industry. They come from all areas of the United States and represent almost every aspect of health care from equipment manufacturing, to hospital management, to managed care, to biotechnology. The Young Presidents' Organization is unique in both its make up and its mission. It has a world wide membership of over 6,500 individuals, each of whom has become chief executive of a significant business before the age of 40. The combined sales of YPO member companies make it the fourth largest economy in the world. Members graduate when they are 50.

Your participation at our meeting would be especially significant at a time when all of us involved in the health care industry are seeking ways to implement change in our health care delivery system. I am certain that you will also come away with some very thought-provoking and innovative ideas from this group.

I would like to extend an invitation for you to join us for a reception and dinner on Tuesday the 21st at 6 PM at the Park Hyatt Hotel in Washington D.C. Immediately following dinner our group would be delighted to hear you address us regarding Health Care Reform, followed by time for questions and answers. If you are available to join us for dinner as our key note speaker would you kindly call me with your response at (301)948-4030.

Attached for your review is a list of members of the Health Care Focus Group and their respective organizations.

Thank you very much for your consideration. We look forward to hearing from you.

Sincerely,

Joan Bialek
President, Bialek Corporation
