

THE VICE PRESIDENT
WASHINGTON

May 25, 1988

The Honorable Robert Dole
United States Senate
Washington, D.C. 20510

Dear Bob:

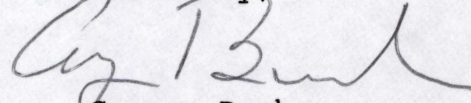

Congratulations upon receiving the Vietnam
Veterans Institute and the Paralyzed Veterans of America
"Award for Life Service to Veterans."

Your efforts on behalf of disabled Americans have
led to major legislation that has dramatically improved the
lives of thousands of men and women who have been
physically and/or emotionally injured while serving our
country. Also, your work in establishing the Dole
Foundation for the employment of individuals with
disabilities has helped not only veterans, but all
Americans.

Barbara joins me in congratulating you on being
recognized for the fine work you have been doing in this
important area.

Warm regards,

Sincerely,

George Bush
