

THE WHITE HOUSE
WASHINGTON

February 8, 1993

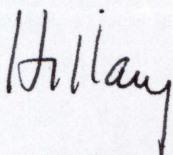

The Honorable Robert Dole
United States Senate
Washington, D.C. 20510

Dear Senator Dole,

I really appreciated the opportunity to meet with you and Senator Chafee to discuss health care reform. The President supports a bipartisan and productive working relationship on this issue. I think we all agree that there is much common ground.

I look forward to working with you and your Republican colleagues. Thank you again for meeting with me.

Sincerely,
